The U.S. Department of State, Bureau of Overseas Buildings Operations (OBO) is the single real manager for U.S. governmental diplomatic and consular property overseas and sets worldwide priorities for the planning, acquisition, design, construction, operations, maintenance, and disposal of overseas property.

With an \$85 billion portfolio replacement value and more than 280 locations throughout the world, OBO's secure, functional, and resilient facilities enable U.S. foreign policy through building technologies, sustainability, art, and culture.

OBO's organizational structure includes offices that focus on management, technical, and operational support to provide industry-leading resilient facilities that represent the nation and support personnel in achieving U.S. foreign policy objectives. Each is responsible for promoting continuous improvement facilitated by a culture of optimizing people and processes and supporting technology. OBO has opportunities in the following areas:

- **Architecture**
- **Art Curation**
- **Construction Management**
- **Data Analysts and Scientists**
- **Engineering**
- **Facility Management**
- **Financial Management**
- **Historic Preservation**
- **Interior Design**
- **Policy Planning**
- **Public Affairs**
- **Real Estate**
- **Safety and Health**
- **Security**

OBO offers opportunities for Civil Service who serve domestically, Personal Services Contractors who may serve both domestically and overseas, and Foreign Service Specialists who serve worldwide and periodically rotate positions in the United States. You can contribute your diverse educational and cultural background, knowledge, innovative thinking, and perspective to support and expand OBO's efforts worldwide.
